

# Headstamp Guide: .303 inch British Service Ammunition

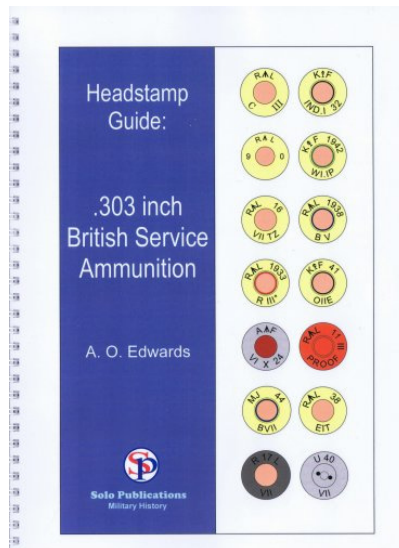

by  
**A. O. EDWARDS**

A detailed guide to the headstamps found on over one hundred and thirty Marks of British and Commonwealth .303 inch service ammunition,

Each Mark of ammunition is shown with a colour photograph, brief details of its characteristics and full colour drawings of all known variations of headstamp style for that round.

In addition, an outline history is given for each type of load, Ball, Armour Piercing, Incendiary etc.

128 pages with nearly 1,000 headstamp drawings. The book has soft covers and is wire bound for ease of use.
